

I drive 20+ miles every day to my job , I really appreciate and enjoy my Satellite Radio. As local stations do not carry on the air the music and information that I desire to hear, I was without any other choice until I received my Satellite Radio as a Christmas gift. This changed my drive and I enjoy it tremendously. I appreciate the large variety of programs ranging from music to news to educational programs. As I pay for my Satellite Radio, I do not think that NAB should tell me or anyone what is playing on their personal radio. I look forward to the time when El Paso will be one of the cities covered with the road and weather reports. Please reject the NAB petition 04-160. Again, I am paying for it all and therefore I should have the freedom to choose to what I listen.
